

# HEADREST MOUNTED MESH GRID CAR DOG GUARD

## INSTRUCTION MANUAL

### PARTS INCLUDES:

- Ⓐ Main panel mesh x 1
- Ⓑ Side panel mesh x 2
- Ⓒ Round clip x 2
- Ⓓ Mount x 2
- Ⓔ Long hook x 2
- Ⓕ Short hook x 2

### PARTI INCLUSE:

- Ⓐ Nr.1 rete per il pannello principale
- Ⓑ Nr.2 reti per i pannelli laterali
- Ⓒ Nr.2 clip rotonde
- Ⓓ Nr.2 montanti
- Ⓔ Nr.2 ganci lunghi
- Ⓕ Nr.2 ganci corti

### WARNING:

Before installing, ensure the intended installation area is clean and free of obstruction. Do not install on parcel shelf or other non-permanent structure.

### AVVERTENZE:

Prima di installare il prodotto, assicurarsi che l'area di installazione sia pulita e libera da ostacoli. Non installare su cappelliere o altre strutture non permanenti.

### INSTALLATION:

1. Remove the round clips Ⓒ to disassemble the barrier.
2. Measure and adjust the barrier according to the width of the cargo area.
3. Re-assemble the barrier by fixing the side panels Ⓑ to the main panel Ⓐ with round clips Ⓒ.
4. Pre-fix the hooks Ⓔ/Ⓕ to the knob mount Ⓓ based on the gap between headrest posts and the rear headrest surface.
5. Install the barrier to the headrests in the correct direction, and secure mounts Ⓓ by tightening knobs clockwise (do not overtighten).

### INSTALLAZIONE:

1. Rimuovere le clip rotonde Ⓒ per smontare la barriera.
2. Misurare e regolare la barriera in base alla larghezza del vano di carico.
3. Rimontare la barriera fissando i pannelli laterali Ⓑ al pannello principale Ⓐ con le clip tonde Ⓒ.
4. Pre-fissare i ganci Ⓔ/Ⓕ al supporto della manopola Ⓓ in base allo spazio tra i montanti del poggiatesta e la superficie del poggiatesta posteriore.
5. Installare la barriera sui poggiatesta nella direzione corretta e fissare i supporti Ⓓ serrando le manopole in senso orario (non stringere eccessivamente).
